

# New Hydraulic Power For Mueller® Machines Smooth, Quiet, Powerful

Compatible with D-5, E-5, B-101, A-3 Machines

**D**esigned to provide hydraulic power for Mueller Drilling and Tapping Machines and smaller Mueller Drilling Machines, the H-704 motor runs quietly compared to other available power sources. Its constant output even under load or in subfreezing conditions, produces exceptionally smooth cuts. The hydraulic power source can be a take off from equipment hydraulics or from a portable pump. Built around the proven Mueller air motor design, the H-704 Hydraulic motor can be counted on for many years of dependable operation.

## Operating Specifications

Flow Range – 7 to 9 gpm (27-34 lpm)

Motor Speed – 33 rpm at 8 gpm (30 lpm)

Maximum Pressure (continuous) – 2000 psig (138 bar)

Maximum Pressure (intermittent) – 2750 psig (190 bar)

- Reversible operation.
- Use with Mueller® D-5, E-5 Drilling Machines, and Mueller® B-101 and A-3 Drilling and Tapping Machines.
- Removable handle for efficient storage in its sturdy container.
- Preset safety relief valve prevents over torque conditions.
