New products and developments from the Leading Supplier of Water Distribution Products

Introducing the Mueller® Composite Meter Pit Covers

The Mueller Composite Meter lids are tough and lightweight, with the same enduring quality that makes Mueller the manufacturer of the widest range of water distribution products anywhere. Mueller Composite Meter lids

are available in 15" and 18" sizes and are traffic rated (H-20 rating) to ensure durability. This rugged design includes mounting terminals for R.F. metering systems, optional side-locking feature and is also available for reclaimed water identification.

Lightweight yet rugged

15" cast iron lid	21 lbs	
15" composite lid	Only 5 lbs	Part Number 311954
18" Cast Iron lid	30 lbs	
18" Composite lid	Only 7 lbs	Part Number 311955

Mueller® Storz Connections

"Mueller designed" Storz connections can now be ordered on UL/FM listed hydrants. Mueller Storz connections are available in 4" and 5" sizes and both locking and non-locking versions. Mueller is the only manufacturer to offer its own storz connection on the hydrants it makes.

Other features include:

- Meets or exceeds AWWA C502 requirements
- Meets or exceeds NFPA-1963 specifications
- Approved for use on UL listed hydrants
- One piece manganese bronze face seal and locking-ring
- Anodized 6061-T6 aluminum cast cap
- NSF 61 compliant face seal meets ASTM D395
- Includes vinyl coated steel cable attached to cap

NEW Strap Configurations for Large Diameter Saddles

The Mueller pipe repair product line has been expanded to include silicon bronze straps on the 18", 20" and 24" sizes. Now all Mueller saddles are available with either silicon bronze straps or with 304L (low carbon) stainless steel straps for additional corrosion protection.

Cleanout Port Option 24" and Larger RWGV's

Mueller has added a new cleanout port option that is available for 24" - 48" resilient wedge gate valves. The 24" valves will have a 1-1/2"

port while the port on 30-48" valves will be 2". Please refer to option 202 (i.e. 240A236106LN202) when ordering.

New Sales Brochure for UL/FM Products

For the first time, we've published a general sales brochure for our line of UL/FM Fire Protection Products. The new literature is on our web site in PDF format, which can be viewed on the site, or downloaded for printing. Quality printed copies will be available from our Decatur Stationery Department after December 16th.

This new brochure provides a general overview of all the products we make for UL/FM fire protection applications. It includes standard and monitor hydrants, PIV and tapping valves, checks, posts, as well as tapping sleeves. It also features our new "Mueller Designed" Storz connection. Check it out on our web site at www.muellercompany.com under "Downloads/General Literature."

Mueller Service Brass Certified To NSF61

Did you know that over 4,400 different Mueller® service brass products are now certified to NSF61? Through Underwriters Laboratories (UL), we continually submit additional service brass products to make sure each one meets the requirements of NSF61. Ask your Mueller Sales Representative today about NSF61 certified service brass.

Certified to
NSF/ANSI 61

Mueller® Storz Wrench

Mueller Co. has developed a heavy duty Storz wrench for 4" and 5" nozzles. The wrench is all steel construction and makes nozzle removal easier.

A-361 Heavy Duty Seat Wrench

The A-361 heavy duty seat wrench for the 5-1/4" Centurion hydrant is now available. The wrench is all steel construction and able to handle the more challenging seat removal jobs.

Special Notice for California Distribution

Mueller Co. has published a March 2009 deadline for orders of 85-5-5 service brass for delivery to California in order to comply with CA Senate Bill AB1953.

The bill, which takes effect January 1, 2010, requires service brass to contain no more than 0.25% lead by weight. Virtually every Mueller® service product (except saddles) is available in a brass material, commonly called "no-lead brass" that complies with ANSI/AWWA C800.

Download a copy of the full announcement letter featuring dates and details by following the "CA Brass Letter" link from www.muellercompany.com.
