

H-704 Hydraulic Power Operator

Hydraulic Power for Mueller® Machines

Compatible with Mueller D-5, E-5, B-101, and A-3 Drilling & Tapping Machines

H-704 Power Operator

Designed to provide hydraulic power for Mueller drilling and tapping machines and smaller Mueller drilling machines, the H-704 motor runs quietly compared to other available power sources. Its constant output - even under load or in subfreezing conditions - produces exceptionally smooth cuts. The hydraulic power source can be a take-off from equipment hydraulics or from a portable pump. Built around the proven Mueller air motor design, the H-704 hydraulic motor can be counted on for many years of dependable operation.

- Reversible operation
- Use with Mueller D-5 and E-5 drilling machines and Mueller B-101 and A-3 drilling & tapping machines
- Removable handle for efficient storage in its sturdy container
- Preset safety relief valve prevents over torque conditions

Operating Specifications

- Flow range - 7 to 9 gpm (27 to 34 lpm)
- Motor speed - 33 rpm at 8 gpm (30 lpm)
- Maximum pressure (continuous) - 2000 psig (138 barg)
- Maximum pressure (intermittent) - 2750 psig (190 barg)
