

MUELLER

MUELLER[®] MAX

**None of the guesswork.
All of the versatility.**
Simplify your service line repairs
with a new kind of wide-range fitting.

The Mueller MAX wide range fitting takes the guesswork out of repairs by eliminating the need for special fittings and ensuring a strong connection while saving time and other valuable resources.

The Mueller MAX wide range fitting has a unique, patent-pending grip ring design that takes minimal torque to drive into the pipe wall and can grip many different pipe materials. The gasket is designed with a larger sealing area and can accept a larger range of pipe diameters than similar wide-range fittings available today.

WIDE RANGE FIT

Fits all pipes listed within nominal size. Allows for cross-size applications such as 3/4" IPS x 1" CTS

EASE OF USE

Grips better with less tightening effort²

PIPE TYPE COMPATIBILITY

Works on HDPE¹, Copper, PVC, Galvanized Steel in the 3/4" IPS and 1" CTS range

RELIABILITY

Larger sealing area for a reliable connection²

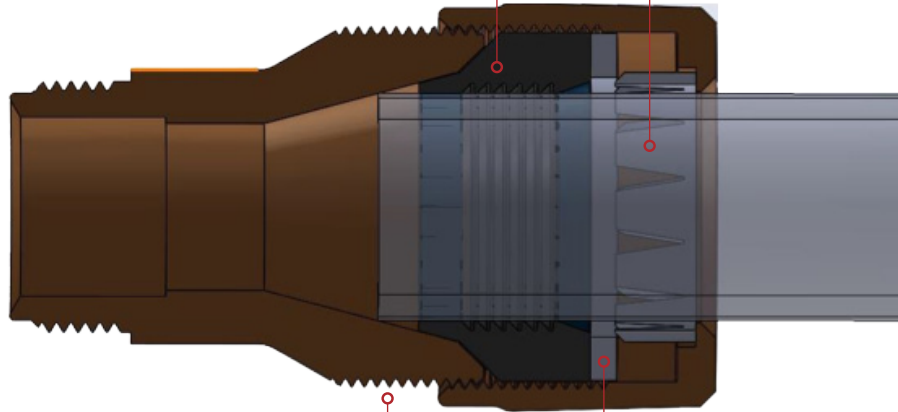

¹ Select the correct full encirclement stainless steel insert when used with HDPE pipe and tubing.

² When compared to compression connections available for the same pipe diameter.

MUELLER® MAX

EPDM gasket with improved seal ribs that offers a large pipe contact area

Strong, sharp Stainless-Steel grip band (patent pending)

Low torque nut offering better grip with less effort

Thick Stainless-Steel washer
