

## Residential Fire Sprinkler Connection

Replaces complex assemblies

## Mueller® Fire Sprinkler Connection

Simple design and superior performance

### Full Flow

- Uni-Cast Body
- Low-Lead Brass
- Minimum Connections Required
- Dual Outlets  
(Sprinkler System & Residential)
- Lockable

### Full Port

- Angle Ball Valve
- Connection Options  
(Pack Joint, Compression, or FIP)
- Accepts 1-Inch Meters
- Sprinklers Function even when  
Residential Service is Locked
- Made in the USA

### Versatile Installation

This convenient fitting adapts to virtually any connection type. Outlet connections feature a choice of 1-inch integral Mueller 110®, Pack Joint, or Mueller Grip, Kitec CTS Compression Connections or FIP. The inlet will accept 1-inch water meters. This quality US-made fitting can be used in most meter pit installations.

## Replaces Multi-Component, Multi-Joint, Multi-Problem and Complex Assemblies with . . . The Mueller® Residential Fire Service Connection Single-Unit Solution!

### Save the time, cost, and aggravation

associated with assembling a collection of separate parts and avoid the potential for leakage from the multiple connection points involved. Specify the Mueller Residential Fire Service connection.

### Everything you need in one compact unit

including a 1-inch full port, lockable angle ball valve that controls the domestic supply side, while the other side feeds water unimpeded to the fire sprinkler system.

### Meeting your “real-world” requirements

Connecting a residential service that feeds independent domestic water and fire sprinkler systems is quick and easy with the Mueller Residential Fire Service Connection. This compact uni-cast fitting has two outlets to allow the fire sprinkler system to function normally even when the residential side has been shut off.

## Our Products

Mueller Co. has built its reputation on producing innovative water distribution products of superior quality – a reputation that is literally “on the line” every day throughout the world. Mueller Co. products and those of its affiliates are used throughout the water system from the source to the consumer. We are committed to continuing research and development of new products and services to meet the growing needs of the water infrastructure industry. Mueller Co. is the largest and only full-line supplier of potable water distribution products in North America and its markets continue to expand globally.

## Our People

The capacity to deliver the widest array of products and stand behind those products to ensure your satisfaction is our strength. The success of Mueller Co. is dependent upon the success of those who are involved, both inside and outside our company. Therefore, we feel our future is wholly dependent on long-term relationships with our employees, customers and suppliers. This is why we strive to be proactive and responsive to their needs, always looking for a “better way”. It’s an approach that has set us apart since 1857 and will assure our mutual achievement and prosperity in the future.

## Fire Sprinkler Meter Setter

Developed for cities requiring residential fire sprinklers, this compact fitting is designed to support a  $\frac{3}{4}$ " meter and features two outlets: a lockable ball valve on the domestic side and unimpeded flow to the fire protection system on the other. Made from low-lead brass, it complies with NFPA 13D and avoids on-site assembly of multiple components.
